

## **Prayer for Diversity Awareness**

Heavenly Father, You created all of us in Your image and we thank You for the variety of races and cultures in our world. May Your Holy Spirit guide us as we learn to celebrate our differences as a gift to this human family on earth. May we always be welcoming and respectful as we learn to widen our circles of friendship. May we be awakened to Your Presence in all those we meet and bring down any barriers that separate us. May we always act out of understanding and love for all. We ask this in Jesus' name. Amen
