What is Team Fundraising?

<mark>Fundraising as a team amplifies any mission. Bring people together in fun engaging ways that give them a chance to raise funds for causes they love. More supporters means more passion, more shares and more donations.</mark>

Send the grades of a school on an educational quest of friendly competition. Use Team fundraising as an easy and interactive way to fund sports teams and youth clubs. Have the departments of your organization go head to head to see who comes out on top, in the name of the causes they value. Host a charity golf tournament, or a 5K fun run in your community to get your supporters to actively give back.
